	Dental radiology techniques: Elevating precision and proficiency in dental imaging			
Heidi Lobprise	Gums Unveiled: Modern Periodontal Health & Therapies	Honoraria/Expenses		Zomedica, Zoetis, Royal Canin, Elanco
Heidi Lobprise	Radiographic mastery in dentistry: Precision and insight in imaging interpretation	Honoraria/Expenses		Zomedica, Zoetis, Royal Canin, Elanco
David Clarke				
Brook Niemiec	Proficient techniques in tooth extractions for optimal oral health	Royalties/Patent		Hills Pet Nutrition, Idexx, Virbac, BI; I also own a publishing company and sell equipment and training
Heidi Lobprise	Advanced Dental Procedures: Surgical Precision in Tooth Extractions	Honoraria/Expenses		Zomedica, Zoetis, Royal Canin, Elanco
Cedric Tutt	Diagnosis and treatment of crown fractures: from enamel defects to complicated crown-root fractures			
	Prosthodontics: how to prepare a tooth to accept a crown and what crown options are available to pet owners			
Robert McCarthy	Getting the most out of orthopedic radiology: Optimizing images and key signs of common conditions			
Hock Gan Heng	Approach to proper interpretation of thoracic radiographs and CT.			
	Approach to proper interpretation of abdominal radiographs and CT.			
	Approach to proper interpretation of abdominal ultrasound findings			
Alasdair Hotston Moore	Application of tracheobronchoscopy in dogs and cats	Stock Options		IVC-Evidensia, Veterinary Communities

Jane Sykes	Testing, testing...New Tests for Infectious Diseases & Practical Tips for Interpretation	Honoraria/Expenses; Consultant/Advisory Board; Funded Research		Boehringer Ingelheim, Zoetis, Merck, Elanco, IDEXX, Antech, Anivive
Jodi Westropp	Diagnostics and therapy for canine bacterial cystitis		Present or past contract grants: Royal Canin, Nestle Purina; Bayer Animal Health, Zoetis	
	Diagnostics and management for canine urolithiasis		Consultant/collaboration: Dutch Medical, Zoetis,	
Krystle Reagan	Interpretation of wellness tests for retroviruses			
	Interpretation of wellness tests for vector-borne disease			
Mary Marcondes	Update on WSAVA vaccination guidelines			
Richard Squires	Purr-sistence in the face of challenges: feline respiratory diseases	Honoraria/Expenses; Consultant/Advisory Board; Funded Research		Zoetis, MSD-AH, Boehringer-Ingelheim
Mary Marcondes	A deep dive into canine parvoviral enteritis			
Richard Squires	From risk to recovery: tackling canine distemper and other canine infectious respiratory diseases	Honoraria/Expenses; Consultant/Advisory Board; Funded Research		Zoetis, MSD-AH, Boehringer-Ingelheim
	Vaccination FAQs: dispelling myths and providing answers			
Jane Sykes	Canine leptospirosis: a shifting spirochetosis	Honoraria/Expenses; Consultant/Advisory Board; Funded Research		Boehringer Ingelheim, Zoetis, Merck, Elanco, IDEXX, Antech, Anivive
Nienke Endenburg	Cultivating a Positive Culture in your Practice			
	The Human-Animal Bond: Implications for Professional Wellness			
Hameedunisha Tajudeen	Professional Wellness: Cultural Perspectives & Differences			
Michael Paton	Mentoring recent graduates. Nurturing future success.			
Holly Hyunjee Yang				
Derek Chow	Ophthalmic examination: how important is advanced instrumentation?			
	Approach to diagnosis and treatment of corneal diseases			
	Diagnosis and optimal approach to treatment of eyelid and third eyelid disorders in dogs and cats			
	Diagnosis and treatment of canine glaucoma: extent of knowledge			
Jolle Kirpensteijn	Surgical oncology checklist and formulary - interactive quiz section	Employee		
Nicholas Bacon		Funded Research		Arthrex Vet Systems

Nicholas Bacon	Enhancing therapeutic Strategies for canine mammary tumours: Unveiling Cutting-Edge Solutions for Optimal Patient Outcomes	Funded Research		Arthrex Vet Systems
Felisbina Queiroga	Mammary tumors in the cat; diagnosis and therapy			
Jolle Kirpensteijn		Employee		
Antonio Giuliano	Most common skin tumors in dogs & cats			
Natalia Ignatenko				
Antonio Giuliano	Mast cell tumors in dogs and cats; diagnosis and surgery			
Nicholas Bacon		Funded Research		Arthrex Vet Systems
Martin Soberano	Non surgical therapy of mast cell tumors			
Natalia Ignatenko	Battling Canine Lymphoma: Unveiling Insights, Treatment Strategies, and Hope for			
Martin Soberano				
Felisbina Queiroga	Navigating Feline Lymphoma: Understanding the Challenges, Treatment Approaches, and Optimizing Care for Cats			
Paula Hotston Moore	The Art and Science of Endoscope Management in Veterinary Practice	Consultant/Advisory Board; Royalties/Patent; Stock Options		IVC (UK). And KInvet and Improve International (UK)
Allyson Berent	Interventional Endoscopy: A new way of “Looking” at things: From respiratory to hepatobiliary to the urinary tract.....so much can be done	Consultant/Advisory Board; Royalties/Patent		
	Minimally invasive management of stone disease: Medical, Surgical, Lasers, Baskets...and more!			
Chick Weisse	Canine tracheal collapse syndrome - 20 years of reflection on diagnosis, medical management, stenting, and prognosis	Consultant/Advisory Board; Royalties/Patent; Ownership/Equity Position		Infiniti Medical
	Stents, Balloons, and Coils - How new veterinary medical devices are transforming our treatment options			
Tamara Grubb	Anesthesia & Analgesia for Emergency and Critical Care Patients	Honoraria/Expenses		Zoetis, Elanco, VetoQuinol - however, no specific branded products are included in the presentation
	Too Old for Anesthesia? Never! Tips for Anesthetizing Geriatric Patients			
Jo Murrell	Pain matters			
Mandala Hunter-Ishikawa	Tell me what you're feeling: acute pain in dogs and cats			
Leon Warne	Pharmacological Management of Canine Osteoarthritis, what drugs to use and when			
Paulo Steagall	Top 5 local anesthetic blocks everyone should know	Honoraria/Expenses; Consultant/Advisory Board		
Jo Murrell	Managing pain without opioids: Is it possible?			

Leon Warne	A case-based approach to managing the complex chronic pain patient			
	Management of Old Dogmas – Busting Myths in Pain Management” – An interactive Q&A session.			
Emma Milne	The impact of extreme conformation on the mental, as well as the physical, wellbeing of cats.

Lisa Weeth	Nutritional management of chronic kidney disease	Consultant/Advisory Board		Freshpet
Yong-Wei Hung	The patient with arrhythmias: a case-based approach			
	Basic transthoracic echocardiography, how and why			
Marisa Koyo Ames	Myxomatous mitral valve disease: staging and treatment	Honoraria/Expenses; Funded Research		Ceva and Boehringer Ingelheim
	Feline cardiomyopathies: case studies			
Nicholas Bacon	Head and Neck tumors in dogs and cats; which ones should we worry about and how to diagnose?	Funded Research		Arthrex Vet Systems

Nicholas Bacon	Surgical solutions for H&N tumors	Funded Research		Arthrex Vet Systems
Jolle Kirpensteijn		Employee		
Nicholas Bacon	Advanced reconstruction techniques of the	Funded Research		Arthrex Vet Systems
Jolle Kirpensteijn	H&N			
Felisbina Queiroga	Non-surgical therapies for H&N tumors in			
Antonio Giuliano	dogs and cats			
Krystle Reagan	Diagnostic approach to feline infectious peritonitis			
	Approaches to treatment of feline infectious peritonitis			
Jerold Bell	Canine Degenerative Myelopathy: Diagnosis and Inheritance.		Non-Paid member of Board of Directors for not-for-profit animal health foundation – Orthopedic Foundation for Animals (OFA)	
Edward Hall	Blood at either end, but where from: GI bleeding?	Honoraria/Expenses; Royalties/Patent		Improve International
	Hard to swallow - megaesophagus			
Pawel Beczkowski	Medical management of proteinuria			
	Medical management of cats with CKD			
Fergus Allerton	Use of antimicrobials for surgical prophylaxis			
	Antimicrobials in urinary disease - recent developments			
Richard Casey	Leadership and management, is there a difference?			
	Understanding yourself - personal development planning			
Karen Kline	Neurolocalization Part 1: What's in That Coconut?			
	Neurolocalization 2: The Spinal Cord and Beyond - Jelly Donuts and String Cheese			
Amanda Taylor	Unlocking the Mysteries of Neurological Presentations Through Pattern Recognition			
	The School of Funny Walks: Abnormal Gaits in Veterinary Patients			
Rosanne Peters	Approach to inflammatory CNS disease			
	Seizure Management			
Ane Uriate	Basic Neurology: Most Common Neurological Diseases in Cats			
	Advanced Neurology: Hydrocephalus - Diagnosis and Surgical Approach			
Emma Milne	The Innate Health Assessment concept. The future of 'fit to breed' testing?			
	Why do breeders not take up health testing and how can we encourage change?			

Alasdair Hotston Moore	Understanding BOAS surgery: Exploring Procedures and Techniques	Stock Options		IVC-Evidensia, Veterinary Communities
Paula Hotston Moore	Managing the BOAS Patient: Comprehensive Care Before and After Surgery	Consultant/Advisory Board; Royalties/Patent; Stock Options		IVC (UK). And KInvet and Improve International (UK)
Christina Braun	Fearful dogs - pre-veterinary visit pharmaceuticals, sedation, and handling			
Gina Davis				
Christina Braun	Fearful cats - pre-veterinary visit pharmaceuticals, sedation, and handling			
Gina Davis				
Susanna Taylor	Team based approach to surgical analgesia			
Alan Taylor				
Susanna Taylor	Doing your best when the worse happens – how your clinic can be ready for CPR			
Susanna Taylor	Integrated Multidisciplinary			
Alan Taylor	Anesthesia:Etiological Factors, Monitoring
